Armageddon - Nicholas Hagger - 2010-08-19
Armageddon is a contemporary epic poem about the major event of our own time. Written in blank verse, it narrates the defining event for civilisation today: the American President Bush's struggle against the Islamic extremism of Osama bin Laden and al-Qaeda, in the course of which Bush transforms himself, the US and the world. It follows the War on Terror from September 11, 2001 through the wars in Afghanistan and Iraq, which some believe were illegally waged for reasons of oil. Covertly supported by Iran, bin Laden is shown as possessing at least 20 nuclear suitcase bombs (a purchase confirmed by Hans Blix of the IAEA in 2004), some of which he plans to explode simultaneously in 10 American cities - hence the title. The poem presents all sides of the War on Terror and makes sense of the first decade of the 21st century. Armageddon is Nicholas Hagger's second poetic epic.

Every Breath You Take - Chris Marie Green - 2015-04-07
The author of the Vampire Babylon series and Only the Good Die Young presents another ghost story. Ever wonder what happens after you die? Well, as a ghost, Jensen Murphy could tell you—and the truth is much stranger than anything you could imagine... I never accomplished much when I was alive. As an average eighties California beach bum, I, Jensen Murphy, didn't have any direction. But since I've joined Boo World, I've found a calling. Now, I'm a supernatural investigator, using my ghostly skills to spook confessions out of bad guys. But being a paranormal PI is taking its toll. Spirits are hounding me for justice day and night, and, now, a ghost hunting TV show is digging up dirt on my unsavory demise that I'd rather keep buried. Worst of all, a seriously evil specter is making my afterlife hell by hurting the people and ghosts I care about. To stop him, I'll need assistance from a higher power—only the price I'll have to pay for that help could be my very soul...

World’s Best Whiskies - Dominic Roskrow - 2018-10-16
Revised and Updated. Whisky is one of the world’s most revered spirits, with connoisseurs spending a great deal of money and time on the appreciation of rare expressions and limited edition bottles. In addition, many whisky connoisseurs travel direct to the source to see and experience the world’s best distilleries at first hand. Since the publication of the first edition in 2010, many changes have occurred in the world of whisky which are fully explored in this completely new edition. Over 200 of the 750 whiskies are updated, along with over 20 of the 38 features to reflect the ‘new world of whisky’, from the growing US single malt craft distillery movement (including Balcones in Texas), Japan (Yoichi), Taiwan (Kavalan), India (Paul John), Australia (Overeem), France (Warengem) and Sweden (Mackmyra, Spirit of Hven). Aimed at beginners as well as connoisseurs, the book encompasses everything you need to know to increase your appreciation of this complex and fascinating spirit. Iconic distilleries such as Lagavulin, Highland Park and Glenrothes in Scotland are fully explored alongside the bourbon innovators of Kentucky such as Woodford Reserve and Maker’s Mark. From global brands to tiny craft distillers, this book offers a comprehensive overview of the best dram the world over.

Prophesying Daughters - Chanta M. Haywood - 2003-05-12
In nineteenth-century America, many black women left their homes, their husbands, and their children to spread the Word of God. Descendants of slaves or former “slave girls” themselves, they traveled all over the country, even abroad, preaching to audiences composed of various races, denominations, sexes, and classes, offering their own interpretations of the Bible. When they were denied the pulpit because of their sex, they preached in tents, bush clearings, meeting halls, private homes, and other spaces. They dealt with domestic ideologies that positioned them as subservient in the home, and with racist ideologies that positioned them as naturally inferior to whites. They also faced legalities restricting blacks socially and physically and the socioeconomic reality of often being part of a large body of unskilled laborers. Jarena Lee, Julia Foote, Maria Stewart, and Frances Gaudet were four women preachers who endured such hardships because of their religious convictions. Often quoting from the scripture, they insisted that they were indeed prophesying daughters whom God called upon to preach. Significantly, many of these women preachers wrote autobiographies in which they present images of assertive, progressive, pious women—steadfast and unmovable in their religious beliefs and bold in voicing their concerns about the moral standing of their race and society at large. Chanta M. Haywood
examines these autobiographies to provide new insight into the nature of prophesying, offering an alternative approach to literature with strong religious imagery. She analyzes how these four women employed rhetorical and political devices in their narratives, using religious discourse to deconstruct race, class, and gender issues of the nineteenth century. By exploring how religious beliefs become an avenue for creating alternative ideologies, Prophesying Daughters will appeal to students and scholars of African American literature, women’s studies, and religious studies.

Alice Lakwena and the Holy Spirits - Heike Behrend - 2000-03-31
In August 1986, Alice Auma, a young Acholi woman in northern Uganda, proclaiming herself under the orders of a Christian spirit named Lakwena, raised an army called the “Holy Spirit Mobile Forces.” With it she waged a war against perceived evil, not only an external enemy represented by the National Resistance Army of the government, but internal enemies in the form of “impure” soldiers, witches, and sorcerers. She came very close to her goal of overthrowing the government but was defeated and fled to Kenya. This book provides a unique view of Alice’s movement, based on interviews with its members and including their own writings, examining their perceptions of the threat of external and internal evil. It concludes with an account of the successor movements into which Alice’s forces fragmented and which still are active in the civil wars of the Sudan and Uganda.

Robert E. Lee was a leader for the ages. The man heralded by Winston Churchill as "one of the noblest Americans who ever lived" inspired an out-manned, out-gunned army to achieve greatness on the battlefield. He was a brilliant strategist and a man of unyielding courage who, in the face of insurmountable odds, nearly changed forever the course of history. "A masterpiece—the best work of its kind I have ever read. Crocker's Lee is a Lee for all leaders to study; and to work, quite deliberately, to emulate." — Major General Josiah Bunting III, superintendent of the Virginia Military Institute

In this remarkable book, you'll learn the keys to Lee's greatness as a man and a leader. You'll find a general whose standards for personal excellence was second to none, whose leadership was founded on the highest moral principles, and whose character was made of steel. You'll see how he remade a rag-tag bunch of men into one of the most impressive fighting forces history has ever known. You'll also discover other sides of Lee—the businessman who inherited the debt-ridden Arlington plantation and streamlined its operations, the teacher who took a backwater college and made it into a prestigious university, and the motivator who inspired those he led to achieve more than they ever dreamed possible. Each chapter concludes with the extraordinary lessons learned, which can be applied not only to your professional life, but also to your private life as well. Today's business world requires leaders of uncommon excellence who can overcome the cold brutality of constant change. Robert E. Lee was such a leader. He triumphed over challenges people in business face every day. Guided by his magnificent example, so can you.

The Neglected Voter - David Paul Kuhn - 2007-10-02

In the 1960s, the Republican Party began to win over a crucial demographic: white male voters. Presidential politics was transformed for a generation. David Paul Kuhn explains this fundamental fact behind the rise of the Republicans and the decline of the Democrats, and reminds the political left that midterm victories (1986, 2006) do not always equal sustainable success. In revealing, lucid prose, Kuhn explains how America's conservative party came to win a majority of workingmen and the White House. Grounded in practical politics, The Neglected Voter presciently reconfigures the American political landscape. Equipped with unprecedented research data, reporting, and exclusive interviews with such figures as Jimmy

**Attempted Marriage Escape** - Qi MianHe - 2020-09-16
A transactional marriage. She was in prison. She was struggling to find a way out for love, but he was dominating her body and wouldn't let go. "You dare to run?" "Li Nan Ye, you will regret this one day!" The man laughed sinisterly, but disapproved. When the truth of the plot was revealed layer by layer, she was covered in wounds and bruises. Even when he begged, he couldn't get a single glance back at her.

**Australian Native Plants** - Yasmina Sultanbawa - 2017-12-19
Australian Native Plants: Cultivation and Uses in the Health and Food Industries provides a comprehensive overview of native food crops commercially grown in Australia that possess nutritional and health properties largely unknown on a global basis. These native foods have been consumed traditionally, have a unique flavor diversity, offer significant health promoting effects, and contain useful functional properties. Australian native plant foods have also been identified for their promising antioxidant and antimicrobial properties that have considerable commercial potential. This book is divided into three parts: The first part reviews the cultivation and production of many Australian native plants (ANP), including Anise Myrtle, Bush Tomato, Desert Raisin, Davidson's Plum, Desert Limes, Australian Finger Lime, Kakadu Plum, Lemon Aspen, Lemon Myrtle, Muntries, Native Pepper, Quandong, Riberry, and Wattle Seed. It then examines the food and health applications of ANP and discusses alternative medicines based on aboriginal traditional knowledge and culture, nutritional characteristics, and bioactive compounds in ANP. In addition, it reviews the anti-obesity and anti-inflammatory properties of ANP and discusses food preservation, antimicrobial activity of ANP, and unique flavors from Australian native plants. The third section covers the commercial applications of ANP. It focuses on native Australian plant extracts and cosmetic applications, processing of native plant foods and ingredients, quality changes during packaging, and storage of Australian native herbs. The final few chapters look into the importance of value chains that connect producers and consumers of native plant foods, new market opportunities for Australian indigenous food plants, and the safety of using native foods as ingredients in the health and food sectors.

**Begrimed and Black** - Robert Earl Hood
Hood’s unique and fascinating work probes the mythic roots of racial prejudice in Western attitudes toward color. With special attention to the history of ideas, but also to pictorial images and popular movements, Hood documents the inception and growth of the myth of black carnality, with its commingling of disdain and desire, fear and fascination.

**Going Critical** - Joel S. Wit - 2004-04-19
A decade before being proclaimed part of the “axis of evil,” North Korea raised alarms in Washington, Seoul, and Tokyo as the pace of its clandestine nuclear weapons program mounted. When confronted by evidence of its deception in 1993, Pyongyang abruptly announced its intention to become the first nation ever to withdraw from the Nuclear Non-Proliferation Treaty, defying its earlier commitments to submit its nuclear activities to full international inspections. U.S. intelligence had revealed evidence of a robust plutonium production program. Unconstrained, North Korea’s nuclear factory would soon be capable of building about thirty Nagasaki-sized nuclear weapons annually. The resulting arsenal would directly threaten the security of the United States and its allies, while tempting cash-starved North Korea to export its deadly wares to America’s most bitter adversaries. In Going Critical, three former U.S. officials who played key roles in the nuclear crisis trace the intense efforts that led North Korea to freeze—and pledge ultimately to dismantle—its dangerous plutonium production program under international inspection, while the storm clouds of a second Korean War gathered. Drawing on international government documents, memoranda, cables, and notes, the authors chronicle the complex web of diplomacy—from Seoul, Tokyo, and Beijing to Geneva, Moscow, and Vienna and back again—that led to the negotiation of the 1994 Agreed Framework intended to resolve this nuclear standoff. They also explore the challenge of weaving together the military, economic, and diplomatic instruments employed to persuade North Korea to accept significant constraints on its nuclear activities, while deterring rather than provoking a violent North Korean response. Some ten years after these intense negotiations, the Agreed Framework lies abandoned. North Korea claims to possess some nuclear weapons, while threatening to produce even more. The story of the 1994 confrontation provides important lessons for the United States as it grapples once again with a nuclear crisis on a peninsula that half a century ago claimed more than 50,000 American lives and today bristles with arms along the last frontier of the cold war: the De-Militarized Zone separating North and South Korea.

**Going Critical** - Joel S. Wit - 2004-04-19
A decade before being proclaimed part of the “axis of evil,” North Korea raised alarms in Washington, Seoul, and Tokyo as the pace of its clandestine nuclear weapons program mounted. When confronted by evidence of its deception in 1993, Pyongyang abruptly announced its intention to become the first nation ever to withdraw from the Nuclear Non-Proliferation Treaty, defying its earlier commitments to submit its nuclear activities to full international inspections. U.S. intelligence had revealed evidence of a robust plutonium production program. Unconstrained, North Korea’s nuclear factory would soon be capable of building about thirty Nagasaki-sized nuclear weapons annually. The resulting arsenal would directly threaten the security of the United States and its allies, while tempting cash-starved North Korea to export its deadly wares to America’s most bitter adversaries. In Going Critical, three former U.S. officials who played key roles in the nuclear crisis trace the intense efforts that led North Korea to freeze—and pledge ultimately to dismantle—its dangerous plutonium production program under international inspection, while the storm clouds of a second Korean War gathered. Drawing on international government documents, memoranda, cables, and notes, the
authors chronicle the complex web of diplomacy—from Seoul, Tokyo, and Beijing to Geneva, Moscow, and Vienna and back again—that led to the negotiation of the 1994 Agreed Framework intended to resolve this nuclear standoff. They also explore the challenge of weaving together the military, economic, and diplomatic instruments employed to persuade North Korea to accept significant constraints on its nuclear activities, while deterring rather than provoking a violent North Korean response. Some ten years after these intense negotiations, the Agreed Framework lies abandoned. North Korea claims to possess some nuclear weapons, while threatening to produce even more. The story of the 1994 confrontation provides important lessons for the United States as it grapples once again with a nuclear crisis on a peninsula that half a century ago claimed more than 50,000 American lives and today bristles with arms along the last frontier of the cold war: the De-Militarized Zone separating North and South Korea.

North Korean Human Rights - Andrew Yeo - 2018-06-30
The evidentiary weight of North Korean defectors' testimony depicting crimes against humanity has drawn considerable attention from the international community in recent years. Despite the attention to North Korean human rights, what remains unexamined is the rise of the transnational advocacy network, which drew attention to the issue in the first place. Andrew Yeo and Danielle Chubb explore the 'hard case' that is North Korea and challenge existing conceptions of transnational human rights networks, how they operate, and why they provoke a response from even the most recalcitrant regimes. In this volume, leading experts and activists assemble original data from multiple language sources, including North Korean sources, and adopt a range of sophisticated methodologies to provide valuable insight into the politics, strategy, and policy objectives of North Korean human rights activism.

Letters from Lee's Army - Charles Minor Blackford - 1998-01-01
Charles Minor Blackford was a Virginia aristocrat who fought for the Confederacy as much out of obligation to his class and region as for political reasons. Letters from Lee's Army presents the correspondence between Captain Blackford and his wife, Susan Leigh Blackford, during the war. While Captain Blackford writes of the rigors of campaigning—the dramatically bad food, the constant dysentery, the cold and wet—we see the stoic Susan Blackford gradually relying less and less on her husband to make decisions. During the course of the war Susan Blackford lost her home, three children, and her belongings to the struggle, all without the camaraderie and sustaining sense of purpose known to the soldier.
These letters emphasize the stresses that war and separation can place on a marriage.

Blackford enlisted in the Second Virginia Cavalry at the outset of the war and in 1863 was posted to Longstreet's Corps. Most of his service was in northern Virginia around the Rappahannock and the Rapidan Rivers, in the Shenandoah Valley, and with Lee's army at Gettysburg. In 1864 Blackford went west with Longstreet's army to Chattanooga, and he returned with Longstreet for the war's final days. This Bison Books edition is introduced by Gordon C. Rhea, the author of The Battle of the Wilderness, May 5-6, 1864 and The Battles for Spotsylvania Court House and the Road to Yellow Tavern.

**Spike Lee: Finding the Story and Forcing the Issue** - Jason P. Vest - 2014-09-30

Spike Lee's journey from guerrilla filmmaker to Hollywood insider is explored in light of his personal background, the cultural influence of his films, and the extensive scholarship his movies have inspired. • Examines the full range of Lee's career, including the five film books he authored or coauthored, his feature films, his television projects, and his documentaries • Offers a comprehensive, scholarly analysis of how, as both an American and African American filmmaker, Lee tells stories that might otherwise have remained untold on American movie screens • Analyzes Lee's place in a rich tradition of African American filmmaking that includes Oscar Micheaux, Gordon Parks, Charles Burnett, Julie Dash, and John Singleton • Discusses the influence directors such as Martin Scorsese and Melvin Van Peebles have had on Lee • Reveals how Lee's films expose little-known aspects of American social issues, historical events, and public figures

**The Illusion of Conscious Will** - Daniel M. Wegner - 2017-12-15

Do we consciously cause our actions, or do they happen to us? Philosophers, psychologists, neuroscientists, theologians, and lawyers have long debated the existence of free will versus determinism. With the publication of The Illusion of Conscious Will in 2002, Daniel Wegner proposed an innovative and provocative answer: the feeling of conscious will is created by the mind and brain; it helps us to appreciate and remember our authorship of the things our minds and bodies do. Yes, we feel that we consciously will our actions, Wegner says, but at the same time, our actions happen to us. Although
conscious will is an illusion ("the most compelling illusion"), it serves as a guide to understanding ourselves and to developing a sense of responsibility and morality. Wegner was unable to undertake a second edition of the book before his death in 2013; this new edition adds a foreword by Wegner's friend, the prominent psychologist Daniel Gilbert, and an introduction by Wegner's colleague Thalia Wheatley. Approaching conscious will as a topic of psychological study, Wegner examines cases both when people feel that they are willing an act that they are not doing and when they are not willing an act that they in fact are doing in such phenomena as hypnosis, Ouija board spelling, and dissociative identity disorder. Wegner's argument was immediately controversial (called "unwarranted impertinence" by one scholar) but also compelling. Engagingly written, with wit and clarity, The Illusion of Conscious Will was, as Daniel Gilbert writes in the foreword to this edition, Wegner's "magnum opus."

**Here and Hereafter** - Uriah Smith - 1897

Containing a mine of information on the Sabbath Question. Every passage of Scripture having any connection with the Sabbath in the Old or the New Testament is critically examined. The various steps by which the change from the seventh day to the first day was made and the final exaltation of the Sabbath are given in detail. The complete testimony of the Fathers immediately succeeding the time of the Apostles is presented, and the comparative merits of the two days are clearly revealed. An index enables the reader to readily find any passage of Scripture or the statement of any historian. - I.

As we are learning to serve the Lord, we need to be in constant fellowship with Him and rely on His grace, but we also must be willing to address the matter of our character in order to be useful to the Master. The things which can be entrusted to us, the responsibilities we can bear, and the things we can accomplish are fully dependent on our character. In Character Witness Lee addresses the crucial matter of developing a proper character in those who love and serve the Lord. Beginning with a brief description of thirty essential character traits, Witness Lee provides a clear understanding of the importance of character and then presents clear examples of proper character from the Bible. Finally, he shows the relationship between our character and our capacity to effectively contact people in order to bring them into contact with the Lord. Ultimately, our effectiveness in reaching people for the Lord depends on our character.

**The Philosophy of Ang Lee** - Robert Arp - 2013
Ang Lee (b. 1954) has emerged as one of cinema's most versatile, critically acclaimed, and popular directors. Known for his ability to transcend cultural and stylistic boundaries, Lee has built a diverse oeuvre that includes films about culture clashes and globalization (Eat Drink Man Woman, 1994, and The Wedding Banquet, 1993), a period drama (Sense and Sensibility, 1995), a martial arts epic (Crouching Tiger, Hidden Dragon, 2000), a comic book action movie (Hulk, 2003), and an American western (Brokeback Mountain, 2005). The Philosophy of Ang Lee draws from both Eastern and Western philosophical traditions to examine the director's works. The first section focuses on Taoist, Confucian, and Buddhist themes in his Chinese-language films, and the second examines Western philosophies in his English-language films; but the volume ultimately explores how Lee negotiates all of these traditions, strategically selecting from each in order to creatively address key issues. With interest in this filmmaker and his work increasing around the release of his 3-D magical adventure The Life of Pi (2012), The Philosophy of Ang Lee serves as a timely investigation of the groundbreaking auteur and the many complex philosophical themes that he explores through the medium of motion pictures.

Life-Study of Genesis - Witness Lee - 1987-12-01
In the Lord’s recovery during the past five hundred years the church’s knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God’s holy Word according to His New Testament economy as this one does.
