The first book in the monumental work of Theosophic thought. This book focuses on gaining occult power in the formation of the universe and the cosmos. This group sought to learn the secrets of nature, science and divinity in order to empower themselves to godhood and this book reveals their secrets as to how knowledge to do this can be attained. It does not reveal what the ultimate saving knowledge is that can do this but it gives guidelines on how to start the journey for yourself.

It does not reveal what the ultimate saving knowledge is that can do this but it gives guidelines on how to start the journey for yourself.

A three-volume 'synthesis of science, religion, and philosophy' by one of the nineteenth century's most controversial spiritualists.

The Secret Doctrine (Complete) - Helena Petrovna Blavatsky - 1974
Since the appearance of Theosophical literature in England, it has become customary to call its teachings “Esoteric Buddhism.” And, having become a habit—as an old proverb based on daily experience has it—“Error runs down an inclined plane, while Truth has to laboriously climb its way up hill.” Old truisms are often the wisest. The human mind can hardly remain entirely free from bias, and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made. This is said with reference to the prevailing double mistake (a) of limiting Theosophy to Buddhism; and (b) of confusing the tenets of the religious philosophy preached by Gautama, the Buddha, with the doctrines broadly outlined in Esoteric Buddhism. Any thing more erroneous than this could hardly be imagined. It has enabled our enemies to find an effective weapon against Theosophy, because, as an eminent Pâli scholar very pointedly expressed it, there was in the

The Secret Doctrine - Helena Petrovna Blavatsky - 1999
Continuously in print for over 100 years, the SD remains today the most comprehensive sourcebook of the esoteric tradition, outlining the fundamental tenets of the Secret Doctrine of the Archaic Ages. Challenging, prophetic, and strikingly modern, it directly addresses the perennial questions: continuity of life after death, purpose of existence, good and evil, consciousness and substance, sexuality, karma, evolution, and human and planetary transformation. Based on the ancient Stanzas of Dzyan with corroborating testimony from over 1,200 sources, these volumes unfold the drama of cosmic and human evolution -- from the reawakening of the gods after a Night of the Universe to the ultimate reunion of cosmos with its divine source. Supplementary sections discuss relevant scientific issues as well as the mystery language of myths, symbols, and allegories, helping the reader decipher the often abstruse imagery of the world's sacred literature.

The Secret Doctrine - H.P. Blavatsky - 2016-10-25
Madame Blavatsky's Victorian-era masterpiece is now scaled down to its essentials, providing the most readable, accessible experience ever of one of history's seminal occult works. The Secret Doctrine, Helena Petrovna Blavatsky's masterwork on the origin and evolution of the universe and humanity itself, is arguably the most famous, and perhaps the most influential, occult book ever written. Published since 1888 only in expensive, two-volume editions of some 1,400 pages, it has long eluded the grasp of modern readers--until now. This single-volume edition, abridged and annotated by historian and Theosophical scholar Michael Gomes, places the ideas of The Secret Doctrine within reach of all who are curious. In particular, Gomes provides a critical sounding of the book's famous stanzas on the genesis of life and the cosmos--mysterious passages that Blavatsky said originated from a primeval source and which form the heart of The Secret Doctrine. Gomes scrupulously scales down the book's key writings on symbolism to their essentials, and offers notes and a glossary to illuminate arcane references. His historical and literary introduction casts new light on some of the book's sources and on the career of its brilliant and elusive author, one of the most intriguing personages of the nineteenth century. At once compact and representative of the work as a whole, this new edition of The Secret Doctrine brings unprecedented accessibility to the key esoteric classic of the modern era.

The Secret Doctrine is one of the most influential esoteric and occult books of all time. In the first part of the book the author explains the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. While in the second part she describes the origins of humanity through an account of "Root Races" said to date back millions of years.

The Secret Doctrine, the Synthesis of Science, Religion, and Philosophy, by H.P. Blavatsky - 1997-01-01
The Secret Doctrine comprises a virtual encyclopaedia of the "anciently universal wisdom-tradition" -- scarcely an issue of consequence in the broad range of human experience is left untouched. As part of the Secret Doctrine Centenary project, this 441-page Index provides ready access to the vast quantity of material from many cultures set forth in the SD's original two volumes published in 1888. Due
to the topics covered, it is as much an index of ideas as it is of subjects, works, persons, and proper names. To aid the reader, major subject entries are cross-referenced; foreign terms are identified by language and, where possible, given in both their 1888 spelling(s) and as modernly transliterated, often with one or two word definitions. Subentries are arranged alphabetically. Cited works and authors, whose titles or names are not given in the SD are placed in brackets for convenient identification. Also included is an Appendix of foreign phrases with translation and source reference -- all helping to make this Index an invaluable reference tool for students of The Secret Doctrine.

This is volume II of Helena Petrovna Blavatsky's "The Secret Doctrine - The Synthesis of Science, Religion, and Philosophy." Helena Petrovna Blavatsky (12 August 1831 - 8 May 1891) was a Russian spirit medium, occultist, and author. She co-founded the Theosophical Society in 1875 and gained international popularity for being the leading theoretician of Theosophy. This book will appeal to those with an interest in the occult and the work of Helena Petrovna Blavatsky, and it is not to be missed by collectors of vintage occult literature. Contents include: "Esoteric Tenants Corroborated in Every Scripture," "Adam-Adami," "The 'Holy of Holies'--Its Degradation," "On The Myth of the 'Fallen Angel,' 'in its Various Phases," "The Evil Spirit: Who and What?," "The Gods of Light proceed from Gods of Darkness," "The Many Meanings of the 'War in Heaven'," etc. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

The Secret Doctrine - BlavatskyH. P. - 1964
This is the second section of the first volume of a theosophical work by Helena Petrovna Blavatsky. Originally published in 1917, it contains chapters on 'Symbolism and Ideographs', 'The Mundane Egg', 'the Lotus as a Universal Symbol', and much more, taking the reader on a journey through the various overlapping aspects of science, religion, and philosophy. To the republication of this work, a specially commissioned new biography of the author has been added. This is a fascinating work for anyone with an interest in the writings of this renowned author of philosophy and occultism.
