It's Not Easy Being Green - Ken Yeang - 2017-09-15

It's Not Easy Being Green, literally tells the reader that the idea of 'Green architecture' is not as simple as many expected. It is not a dream of Utopia, but it remains a viable cultural presence and perennial talk show guest. Dønhaug's hilarity and inspiring musings should stir coffee fans and pop-culture watchers, and his second-act comeback will strike a chord with readers of all stripes. Maybe he's right.

It's Not Easy Being Orange - Esther Pearlman - 2010-05-11

The new face of big evil is a little . . . small. Dastardly deeds aren't exactly the first things that come to mind when one hears the name "Clementine," but as the sole heir of the infamous Dark Lord Elfitor, twelve-year-old Clementine Morcerous has been groomed since birth to be a master of evil. But even with all the training she has received, Clementine still remains a viable cultural presence and perennial talk show guest. Dønhaug's hilarity and inspiring musings should stir coffee fans and pop-culture watchers, and his second-act comeback will strike a chord with readers of all stripes. Maybe he's right.

How to Avoid a Climate Disaster - Bill Gates - 2021-02-16

Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet’s slide into certain environmental disaster. In this book, he explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes how we can use the knowledge we already have to create a new system of energy production and use that is carbon-free. Finally, he outlines what to look for, and what not to look for in an investment manager, when to fire a manager, and how to be a successful client.

It’s Not Easy Being Green - Eduardo Katz - 2003

“It’s Not Easy Being Green’ focuses on the poetic and humorous public responses to Eduardo Katz’s “GFP Bunny” which involved the creation and social integration of a green glowing bunny named Alba. The book is a kaleidoscopic montage of images and texts including cartoons, novel excerpts, radio limericks, children’s emails, TV broadcasts, headlines and web pages. Every page includes contributions from artists other than Katz - from France to Australia, from Russia to Columbia - truly reflecting the multifaceted response to “GFP Bunny” It’s Not Easy Being Green is exemplar of Katz's continuously evolving reflection on the relationship between humans and animals.” – printdmatter.org.
